Docket: Request to amend transmission line

DocketNo: L-00000D-08-0330-00138

Utility: Arizona Public Service Company

Position: Con

Email:

Comments: I am responding to a request by Arizona Public Service to move the transmission line to Cloud Rd and asking you to please deny the request. There are homes already in existence along Cloud Rd. just west of 211th Avenue that this will have a MAJOR impact on in so many negative ways. Not only are there homes on Cloud Rd. but also homes that span to the south. With so much open land to north, it makes no sense to build it next to the existing homes. Thank you for your time. Sincerely, Renee Simpson

Comments: I would like to request your support to not allow the Request to move the Transmission line next to our subdivision. My wife and I lived on a 7 acre ranch in colorado for 20 years, and they built a similar Transmission Line 300 yards from our home. My wife's health took a dramatic turn, she began to have a irregular heart beat. After several visits to the Doctor and Heart specialist, they determined she had an electrical problem. We tried several things to correct her issue to no avail. Since the only thing that had changed was the transmission Line we finally gave up. We sold our place and moved away from the lines. Over the next 30 days her Heart straighten out. With all the open space to the north please don't allow this line to be put on an existing neighborhood. Thanks for your support. Francisco & Gloria Flores e-mail frank_flores8@msn.com

Comments:To Whom It May Concern: We are home/land owners in this area and we oppose the change to allow the power lines to be moved any closer to Cloud Road. Our understanding is that there is plenty of acreage north. This is an amazing community, including the people and the land. Please let it remain this way. Sincerely,
Chantz and Melanie Prewitt

Comments: It is my understanding that moving the utility line from Joy Ranch Road to Cloud Road will bring the line within a mile from my home. This is unacceptable for me. I am 79 years old, lost my husband a year ago this month, and will have to sell my house and move within a couple of years. The alignment of this utility line will adversely affect me financially when I move to the degree that I will get less money and not have enough to support me thru my remaining years. The people in this area moved here for a reason - to be out of the city. We should have the same rights as those in town - to not have a huge utility line close to our homes. It will have an affect on all of our lives. Please reconsider and put the line on BLM land. Thank you.
